

CONSTRUCTION FOR WOMEN

TASTER DAY INTRODUCTION
PACK - FOR EDUCATION
PROVIDERS (ATTEND/HOST)

Who Are Construction For Women?

Construction For Women (CFW) is dedicated to breaking down barriers and creating pathways for women into the construction industry. Through hands-on training, mentorship, and industry exposure, we empower women to explore, enter, and thrive in construction careers.

Our programmes are fully funded, inclusive, and designed to provide tangible skills, experience, and inspiration for students considering construction pathways.

Our Mission:

Building Women's Futures, in Construction.

We are:

- Tackling the construction skills crisis
- Increasing women's representation in construction
- Creating life-changing pathways into employment

WHAT IS AN INDUSTRY TASTER DAY?

Our Taster Day's are engaging, hands-on sessions designed for schoolaged girls in years 9-11 to explore careers in construction.

- Practical workshops led by industry professionals
- Demonstrations of tools, technology, and on-site processes
- Opportunities to explore roles such as site management, surveying, trades, design, engineering and digital construction.
- Insight into career pathways and training & education programmes

Taster Days can be hosted at construction colleges or training providers utilising on-site facilities for students.

BENEFITS TO COLLEGES & TRAINING PROVIDERS

Partnering with CFW to host a Taster Day offers your institution:

- Enhanced student engagement: Inspire girls to explore STEM and construction-related pathways.
- **Practical curriculum enrichment:** Hands-on workshops complement classroom learning and technical courses.
- Industry connections: Strengthen relationships with employers and training providers in the construction sector.
- **Social impact:** Demonstrate commitment to gender equality and employability outcomes for students.

BENEFITS TO SCHOOLS

Attending a CFW Taster Day offers your institution:

- Enhanced Careers Education: Supports your school's careers programme by offering an interactive experience that links classroom learning to real-world industry opportunities.
- **Inspiration for Students:** Sparks curiosity and broadens students' aspirations by introducing them to a range of roles in a growing sector.
- **Positive Student Outcomes:** Encourages confidence, teamwork, and practical problem-solving skills that transfer back to the classroom.
- Pathways to Further Education: Builds stronger relationships with Bolton College, creating pathways for future collaboration, work experience opportunities, and smoother student transitions into further education.
- School Profile & Engagement: Offers a distinctive opportunity to enhance your school's reputation for delivering innovative, enriching experiences that support student development.
- Support for STEM and Gender Equality Goals: Demonstrates your school's commitment to providing diverse opportunities and reducing gender barriers in STEM and trades.

BENEFITS TO STUDENTS

Participating in our taster days provides significant benefits to female students:

- Early exposure to real-world construction environments and roles
- Inspiration and guidance from female role models in the sector
- Access to CFW programmes, mentorship, and training opportunities
- Increased confidence, skills, and career awareness

SOCIAL VALUE & IMPACT

CFW taster days contribute measurable impact, since 2024:
